

Activity Interview

Student worksheet

Write your answers down in the left-hand column only.

The other answers will be discussed with your partner.

When you have finished you are ready to be interviewed by a partner.

 3 Activities I Like	 Why?	 Brainstorm or Research

Activity Interview game

You play this game with a partner. They will act like a reporter and interview you about your answers.

Starting with your '3 activities I like' and working down the page, your partner will ask you why you particularly like your 3 activities. Record your answers in the middle column.

After, brainstorm with your partner or search the internet for careers related to your top 3 liked activities. You can search: 'I like _____, what career could it be'. Write down some interesting ideas in the right-hand column.
